Professor R. Brydone Jack,

Winnipeg.

My dear Professor Jack:

I received your telegram on Thursday, but I was so busy on Friday and Saturday that I had not the time to go down town to Mr. Forster's studio. At this season my engagements are very numerous owing to preparation for the closing of the year. If I can get down in the next day or two I shall be glad to go in to see Mr. Forster. With kind regards, I am,

Yours sincerely,

President.
